

# One Thing Remains [C]

[Default Arrangement] by Matt Redman

## Verse 1:

**Fmaj7**                                  **C**                                  **G**  
Higher    than the mountains that I face  
Stronger than the power              of the grave  
Constant in    the trial              and the change  
**Fmaj7**   **C**              **G**  
One thing...      Remains (repeat)

## Chorus:

**Am**                                  **F**  
Your love never fails, never gives up  
**C**                                  **G**  
Never runs out on me (3x)

## Verse 2:

**Fmaj7**                                  **C**                                  **G**  
On and on    and              on and on it goes  
It overwhelms and    satisfies my soul  
And I never, ever, have to be afraid  
**Fmaj7**   **C**              **G**  
One thing              remains

## Bridge:

**Fmaj7**                                  **C**                                  **G**  
In death, In life, I'm confident and  
**Dm7**                                  **Fmaj7**                                  **C**                                  **G**  
covered by the power of Your great love  
**Fmaj7**   **C**                                  **G**  
My debt is paid, there's nothing that can  
**Dm7**                                  **Fmaj7**                                  **C**                                  **G**  
separate my heart from Your great love
